

HELP
WANTED!

HELP
WANTED!

End of season is approaching.
We still could use some extra help for
remaining work on the trails listed below:

Thursdays:

Seven Bridges: August 22 September 5 —
continue the great work going on all summer.

Elk Park Knoll: September 19 —
finish the retaining wall started before the rain hit;
great opportunity for fans of rock work and for fans of this trail.

Saturdays:

Crags to Summit: August 24 —
build rock cairns; help hikers and help tundra.

Barr Trail: September 7 —
maybe more fence posts, maybe tread work; come out and see.

We furnish the tools — and snacks.

Volunteer.
