**St. Mary's Falls Saturday Kickoff**

Trail maintenance and improvement on St. Mary's Falls Trail (USFS#624). We will repair the trail surface to allow appropriate drainage and prevent further rutting. USFS will allow volunteers to access the trail head on the currently closed portion of Gold Camp Road to accomplish this work.

**Sat, May 23 — Volunteer Project at St. Mary's Falls**

**St. Mary's Trail Thursday Workdays**

We will repair the trail surface to allow appropriate drainage and prevent further rutting. USFS will allow volunteers to access trail head on the closed portion of Gold Camp Road to accomplish this work.

- Thur, June 18 - St. Mary's Trail Workday 2**
- Thur, July 2 - St. Mary's Trail Workday 3**
- Thur, July 16 - St. Mary's Trail Workday 4**
- Thur, July 30 - St. Mary's Trail Workday 5**
- Thur, Aug 13 - St. Mary's Trail Workday 6**
- Thur, Aug 27 - St. Mary's Trail Workday 7**
- Thur, Sep 10 - St. Mary's Trail Workday 8**

**Devil's Playground**

The FOTP has been improving the Crags to Devil's Playground trail over the last several years and continues this year with another project. FOTP will hold a one day work project to install cairns above tree line to clarify the route of this highly popular western approach to the summit of Pikes Peak .

**Sat, August 8th — Devil's Playground**

**Barr Trail Workdays**

FOTP has worked with the Pikes Peak Trail Dogs in maintaining Barr Trail since 1997. The Trail Dogs have subdivided the trail into ownership sections, and perform normal routine maintenance.

- Sat, July 18th — Barr Trail Work Day 1**
- Sat, Aug 1st — Barr Trail Work Day 2**

**Horse Thief Park Trail (USFS#704)**

FOTP project to improve the Horse Thief Park Trail. The trail currently is affected by standing water and wet soil. FOTP will install structural supports to elevate the trail surface over the wet area.

**Sat, Jun 27th — Horse Thief Park Trail**
